Extanto Technology, LLC partners with **DecTron USA, LLC** to deliver industrial-grade articulating arm systems and modular workstations engineered for demanding environments.

Mission Statement

DecTron's mission is to design, manufacture, and deliver modular, industry-grade articulating arm systems and workstations—proudly made in the USA—that withstand demanding industrial environments, support 5S and lean initiatives, and provide long-term value through durable, reconfigurable design. In partnership with Extanto, DecTron supports federal agencies with adaptable solutions that outperform office-grade alternatives and maximize return on investment.

Products, policies and commercial price list on the following pages.

Industrial Ultra Flex 360 Monitor Mount

SKU: 70-8650-00 / 70-8651-00

Description: Industry-tough articulating arm providing synchronized monitor and keyboard movement with over 16 inches of vertical adjustment for optimal ergonomics in industrial environments.

Price: \$873.99 – \$924.18

HD Counterbalanced Flex Sections

Description: Welded steel housing with long-life Die Springs (not gas cylinders) supporting applications up to 45 lbs.

Price: \$302.35 – \$461.47 (varies by configuration)

Rigid Sections

Description: Modular horizontal positioning sections supporting up to 100 lbs, linkable to lengths up to 48 inches.

Price: \$105.27 – \$144.76

2-Inch Diameter Steel Poles

Description: Heavy-duty steel tubing with black powder coat finish; pre-drilled to accept optional top mounts.

Price: \$64.87 – \$154.23

HD Table Mount

SKU: 70-0015-00

Description: Designed for bench tops and desks requiring a minimum 6-inch square mounting footprint.

Price: \$106.50

Policies, Warranty & Support

Warranty

All products are warranted against defects in material and workmanship for one (1) year following inspection. Warranty coverage is voided by misuse, unauthorized modification, or resale outside approved channels.

Shipping & Delivery

- **Standard Lead Time:** 7 business days for quantities of 39 units or fewer
- **Bulk Orders:** 45 days for quantities of 40 units or more
- **Custom Orders:** Up to 60 days

Freight Terms:

F.O.B. Destination for CONUS shipments; F.O.B. Origin for all other destinations.

Returns & Cancellations

- **Returns:** No restocking fee for unused items in original packaging; 25–50% restocking fee applies to items showing wear or damage.
- **Cancellations:** No charge prior to production; actual incurred costs apply once production has commenced.

Billing & Order Support

Payments should be remitted to **Extanto Technology, LLC**, Attention: Accounts Receivable. For order assistance, contact orders@extanto.com.

GSA Compliance & Pricing Disclaimer

All products and pricing described in this brochure are offered subject to the terms and conditions of the Extanto Technology, LLC GSA Multiple Award Schedule (MAS) offer as submitted to the U.S. General Services Administration. Prices shown are for informational purposes only and are subject to change upon contract award, option period adjustments, economic price adjustments, or other contractually authorized modifications. Federal purchasers must reference the applicable GSA Schedule contract, awarded Special Item Numbers (SINs), and contract pricing when placing orders.

Availability, lead times, and configurations may vary based on contract terms and ordering agency requirements.

Federal & SIN 33411 Positioning Statement

Under **SIN 33411 (Purchasing of New Electronic Equipment)**, Extanto Technology and DecTron USA provide industrial-grade monitor mounting systems, articulating arms, modular workstations, and related accessories designed to support electronic equipment deployment in operational, industrial, medical, and mission-critical federal environments.

Unlike office-grade commercial solutions, DecTron systems are engineered for durability, load-bearing performance, and long service life, reducing total cost of ownership through

reconfigurable modular design, U.S.-based manufacturing, and compatibility with 5S, lean manufacturing, and ergonomic compliance initiatives.

Solutions are well-suited for federal use cases including but not limited to:

- Industrial control rooms and production facilities
- Medical and clinical environments
- Maintenance, repair, and operations (MRO) workstations
- Secure facilities requiring <https://extanto.com/articles/decisions-decisions-how-people-decide-what-matters-why-business-priorities-sometimes-go-sideways/obust>, non-consumer-grade equipment

Extanto Technology and DecTron USA deliver compliant, industrial-grade solutions that align with federal procurement requirements while maximizing lifecycle value for government customers.
